## Firemen All Prepared to Entertain Meet

### Large Attendance Expected for Co-Convention Monday

Seventy fire departments within an area of 60 miles have been sent invitations to take part in the events which will be highlights of the annual convention of the Lake County Firemen's association here Monday.

Practically all of the Lake county fire departments will be represented, to as great an extent as is consistent with the safety of their territories, and many of those outside the convention territory are planning to attend. Among the latter are the Kenosha and Evanston departments.

Of the Lake county departments, Libertyville plans to send two trucks to take part in demonstrations of fire-fighting. Lake Villa will send a truck, and Grayslake also plans to have a part in the demonstrations. The Fox Lake and Gurnee departments are others that have expressed their intention of helping in this part of the day's program.

Parade at 1:30

A speaker from the National Board of Underwriters is expected to be present to address the business session in the evening. This will be an open-air meeting, in the village park. In the event of unfavorable weather, it will be held in the Chevrolet garage.

In the morning a golf tournament will be held at the Chain O'Lakes course. Twenty-five entries had already been received by this noon.

At 1:30 p. m. there will be a parade along Main street. Participation in the parade is not limited to firemen, it is announced, and other groups wishing to enter floats may notify the committee of their desire to do so.

Demonstrations of fire fighting, first aid and son on, and various entertainment features will occupy the afternoon.

Luncheon at 5

Commencing at 5 p. m., the Antioch firemen will be hosts at a luncheon for delegates, visitors and their wives at the Chevrolet garage.

The evening business session will be at 8 o'clock, and at the same time a style show for the wives of delegates will be staged in Guild hall.

From 7 p. m. on, the downtown section of Main street will be closed to automobile traffic and preparations will begin for the street dancing and Mardi Gras that will follow the business session. Music is to be supplied by a public address system.

On the general convention committee are Chief James Stearns, President L. D. Powles, Secretary Clarence Shultis, Trustee Walter I. Scott, James McMillen, and John Horan, publicity director.

Luncheon and refreshments committees include R. F. Allner, L. R. Van Patten, Arthur Van Patten, F. B. Huber, James McMillen, Elmer Rentner, Arthur Rosenfeldt, Charles Vykuta, John Gaa, Irving Elms, James Dunn, Harry Willett, L. Shultis, A. Shepherd, Walter Scott, J. Mullaney and Arthur Hawkins.

In charge of street dancing are Einar Petersen, D. Kennedy, H. Strang, George Miller. The committee for the business meeting consists of Powles, Robert Wilton and L. R. Van Patten.

On the committee having charge of general entertainment are Clete Vos and Otto Klass.

An emergency squad consisting of Chief Stearns, Herman Rosing, Shultis, A. Cobb, Edgar Simonsen, Herman Holbek and Elmer Hunter will be on hand for any minor disasters requiring first aid.

## Mrs. Mau Dies at Waukegan Hospital

### Services Are Held for Antioch Woman, Aged 82, on Tuesday

Funeral services were held Tuesday afternoon at 2 o'clock in the Strang funeral home for Mrs. Mary Jane Mau, 82, wife of Henry Mau.

Interment was in Hillside cemetery. The Rev. W. C. Henslee officiated at the services.

Mrs. Mau passed away Saturday in St. Theresa hospital, Waukegan. She is survived by her husband and by several nieces and nephews. The couple had no children.

Mrs. Mau was born at Delta, O., July 17, 1857.

Miss Yvonne Jensen has returned home to spend the summer holidays with her parents, Dr. and Mrs. G. W. Jensen after completing her first year at Northwestern university, Evanston.

## Roy Murrie, Taken Ill Saturday, Is Improving

Reported "resting easier" today is Roy L. Murrie, Antioch village clerk, who became suddenly ill Saturday morning as he was about to start for work. He is still under the care of a physician at his home at 640 North Main street, but is reported to be improving. A trained nurse has been in attendance.

On arising Saturday morning Murrie was conscious of a numbness in his left side. He recovered somewhat, however, and left later for the modern service station he operates at the corner of Main street and Park avenue, opposite the post office.

Suffering a recurrence of the numbness, he was brought back to his home and a physician's examination disclosed that he was suffering from an embolism caused by high blood pressure.

Murrie's services to community welfare and his efficiency as village clerk have won him high esteem among municipal officials of the county as well as among Antioch townspeople. Accounts of his illness printed in newspapers in other communities have included tributes to the service he has given to Antioch as village clerk.

## Sportsmen Asked To Join Home Defense League

### Rod and Gun Club Hears Reports and sees Sports Movies

Sixty members of the Antioch Rod and Gun club assembled at the high school gymnasium Tuesday night received invitations to become members of the Home Defense League and heard reports of the club's activities thus far this year, which included the release of 325 pheasants, 300 quail, and the planting of numerous consignments of pan fish in the lakes. One hundred of the quail were brought from southern Illinois by Ed Vos and released on lands east of Antioch.

The crowd shooting contest awards offered by the club went to Fred Hookstra and Lawrence Corson, who received \$5 and \$3, respectively, for their work in pest elimination.

Dr. Beck Shows Films

Entertainment was provided by movies shown by Dr. Karl M. Beck of Waukegan. Dr. Beck is a native of Finland, and one of the films showed Finland at war. The doctor made interesting comments regarding Finland, stating that at present all his former countrymen are engaged in reconstruction work and have little or no time for sports as we have in America. He left Finland when 19 years of age. Another film shown gave a vivid picture of fishing in Florida. Faces seen in the film were recognized as Adolph Pesat, Jim Hanrahan and Henning Johnson.

Invited to Join Defense League

President Holtz brought before the club the invitation of the Sportsmen's Home Defense League for the members of the local club to become identified with the national group either individually or as a club. The Defense League, which has a membership of over a million and a half sportsmen, is a patriotic organization of hunters, riflemen, trap and skeet shooters and others familiar with sporting firearms, who pledge themselves as true Americans to be ready for civilian service in case of national emergency. The organization has no connection with the army, navy or national guard, and members do not obligate themselves to join any organized force in this country, nor do members obligate themselves to drill with any organized force.

The League is being commended, the officers said, as a valuable organization in many ways. It is providing a directory of patriotic sportsmen who know how to handle firearms; it forms the nucleus of an organization which, in a national crisis, could be converted into a civilian defense corps for the protection of our homes; and it is heightening morale among civilians in these days of world conflict.

Membership blanks were distributed for use by local members who may wish to join.

The club voted to establish the fiscal year as ending July 1, and officers for next year will be elected at the next meeting to be held in early fall. Refreshments were served after the meeting.

Present officers heading the club are R. G. Holtz, who presided at the meeting Tuesday night, and R. H. Childers, secretary-treasurer.

Painting Bids Wanted

The Board of Directors of Oak Knoll in Randall township, Wis., have advertised for bids for the painting of the school house. Specifications are on file at the office of the clerk of the board, with whom the bids should be filed by July 1, 1940. The clerk of the board is Mrs. Lynn F. Sherman, R. F. D. 1, Richmond, Ill., and her telephone number is Wilmot, Wis., 217.

## Antioch Lad First in State Judging Contest

### Norm. Edwards Takes Top Honors for Poultry Judging in Ill.

Norman Edwards, a Junior at the Antioch High school, won first place honors in poultry judging at the State Contest held Friday at Urbana, Ill. More than 250 boys competed. His team mate, Francis Swenson, was also rated high, and the Antioch team ranked fourth among the more than 125 schools competing.

Later in the summer the Antioch team, together with 9 other high teams will compete for the honor of representing Illinois at the National contest to be held in October at Kansas City.

Norman Edwards is the second boy to ever place first from the Antioch school. Harold Kennedy placed first in Grain Judging in 1928.

Others Do Well

Another boy from Antioch, Lawrence Keisler, placed fifth in the Dairy Judging contest among a group of over 375 boys at the Friday contest. The team did not rate in the upper 2 1/2 per cent however. Keisler is a Junior at Antioch High school.

Albert Smith had a perfect score in judging swine, while Lloyd Miller made a perfect score in judging Holstein cattle.

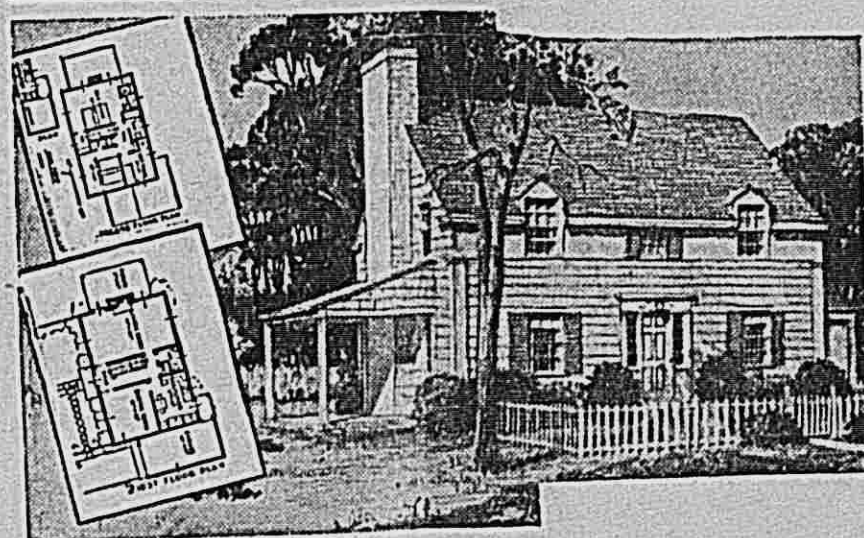

Eleven boys, Norman Edwards, Francis Swenson, Lawrence Keisler, Albert Smith, Milton Smith, James Roepenack, Lawrence Yopp, George Winfield, Joe Carney, Otto Gussarson, and Lloyd Miller attended the contest and the Future Farmer convention. They were accompanied by C. L. Kutil, vocational agriculture teacher and livestock and grain judging coach.

## Post Cards Feature "Villa Venice" Scenes

Albert Bouche, manager of Bouche's Villa Venice on Milwaukee avenue at DesPlaines river, is having a set of 25,000 souvenir post cards printed at the Antioch News. They show the villa's famous "Garden bar," its theater restaurant bar, an aerial view and others. The villa is under the same management as Bouche's Villa Venice at Miami Beach, Fla.

Mrs. Ernest Clark was hostess to the members of her five hundred club at her home on South Main street Thursday afternoon.

## Antioch Model Home Plan

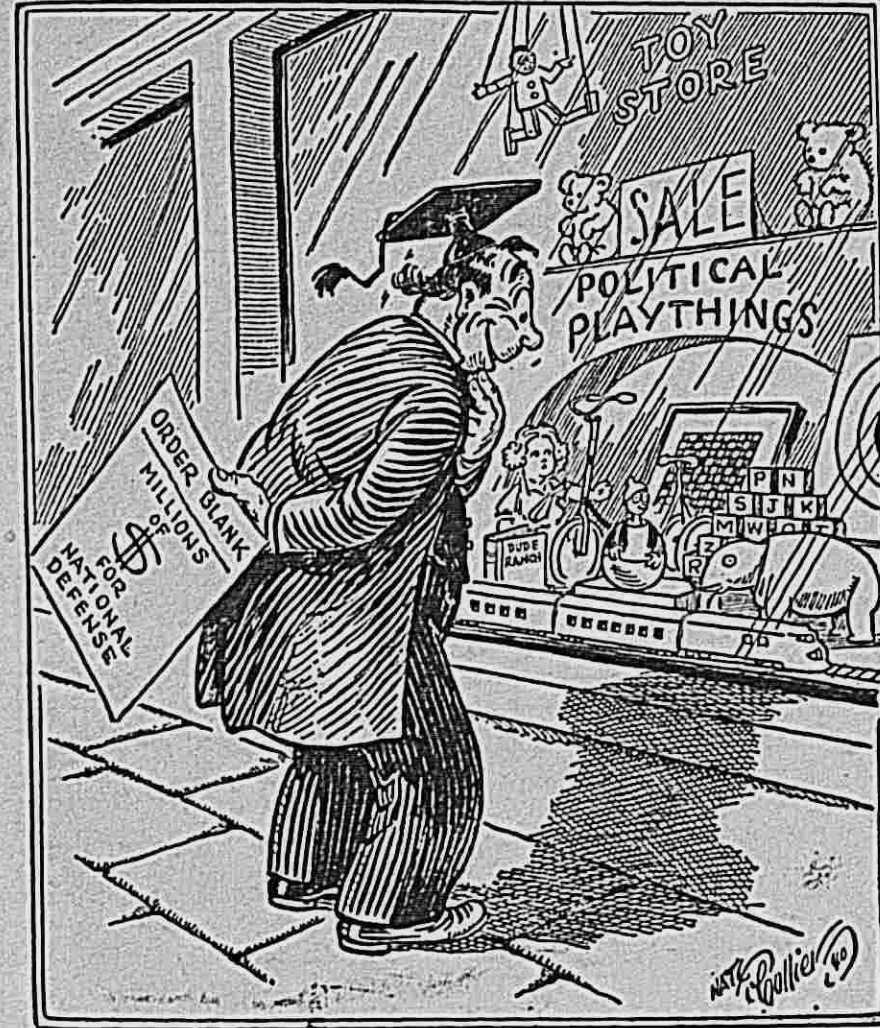

### Visitors Watch Construction New-Type Home

Antioch residents can become amateur building inspectors and "check up" to their heart's content these days at 415 Hardin Street, where this city's first Triple Insulated Guildway home is being erected by the Antioch Lumber Co. in co-operation with the Antioch Housing Guild, with headquarters at the Antioch Lumber Company. According to Ed Vos of this company, visitors will not only be welcomed at the site but can see the complete specifications for the home and will be invited to compare these specifications with the actual construction and materials they describe.

"To take the 'pig out of the poke' and show the home buyer exactly what he is getting in a new home," Ed Vos declared, "Johns-Manville engineers after consultation with FHA officials have developed a standard-form check list that shows every material going into a home and how each material is to be used. This check list is being employed in the construction of the Triple Insulated Guildway home here, as in all Guild construction."

"These specifications list nearly 300 items in the construction of a home upon which the buyer and the con-

## Hold Services for Hugh McKay, Trevor

### Former Railroad Man Dies at Age of 80; Buried at Wilmot

Several months of illness ended in death Sunday for Hugh A. McKay, 80, former railroad man who made his home in Trevor. The body was at the Strang funeral home here until Wednesday, when services were held at 1 p. m. in Holy Name church, Wilmot. Burial was in the Holy Name cemetery.

McKay was employed for 15 years on the Soo Line railroad as a pumper. He was pensioned in 1929.

He was born in Chicago July 19, 1859, the son of Robert and Rebecca McKay. He was never married.

Surviving are his sisters, Mrs. Joseph Holly of Oak Park and Mrs. Eva Sawlis of Chicago. Three brothers, Robert Charles and Donald McKay preceded him in death.

Mr. and Mrs. O. E. Hachmeister, Samuel Pollock, Mmes. Robert Wilton, H. B. Gaston, Sidney Kaiser, C. E. Hennings, Elmer Hunter, Irving Elms, Paul Ferris and E. J. Hays and Miss Clara Haling attended a meeting held by the Officers' club of the Highland Park Eastern Star in the home of Mr. and Mrs. C. William Anderson Monday evening.

## Antioch Aces Lead County Baseball League

### Defeat Pikeville Sunday to Retain Perfect Record

The Antioch Aces are still the undisputed leaders of the Kenosha county baseball league. Tied with Pikeville two weeks ago for first place, the Aces took that team into camp Sunday, 9 to 4, to retain their unblemished record. Doc Koehn hung up a swell job of pitching, letting Pikeville down with 11 well scattered hits while his teammates annexed 15 safe wallops off the offerings of Bushing and Nelson.

## Despondency Blamed for Death of Farm Employee

Funeral services were held Tuesday morning in the Petroschius' funeral home in North Chicago for Jozas Soukz, also known as Joseph Shimkas, whose body was found hanging in the barn of a farm near Lake Villa where he was employed, Saturday. Burial was in Oakwood cemetery.

Soukz, who was 70, was believed to have taken his own life while despondent over ill health and the recent death of a lifelong friend.

A coroner's inquest was held in the Strang funeral parlors here by Dr. John L. Taylor, Lake county coroner, and a verdict of suicide was returned.

Soukz is survived by two brothers in Lithuania and by a sister and three nieces in Kenosha.

Miss Winnie King of Tucson, Ariz., arrived here Sunday to spend the summer in the home of her brother and sister-in-law, Mr. and Mrs. Robert King. She will be employed in King's drug store until fall when she will return to Tucson to enter her senior year in the University of Arizona.

## Constitution and By-Laws Adopted by Rescue Squad

### Strict Requirements Govern Membership of Local First Aid Unit

Outlining in detail the activities of the Antioch Rescue squad are the constitution and by-laws adopted at a meeting Tuesday evening.

The object of the squad is to "save life, administer first aid, and to teach safety," the constitution points out.

Its active membership is set at ten men (the number now in the squad), and further provision is made that "any active member of the Antioch Fire department of good character and standing shall be eligible for membership," providing he masters the equipment and passes the required course in first aid as specified by the squad.

The officers of the squad, it is provided, shall consist of a president (the president of the Antioch Village board); a secretary and treasurer to be appointed by the president; a captain; first lieutenant and second lieutenant to be appointed by the president from the active membership of the squad; and trustees. Trustees of the village automatically become the trustees of the rescue squad.

Drills Are Required  
Regular drills and special drills called by the captain, must be held by squad members.

A squad member is "expected at all times to conduct himself in such a manner as to command the respect of our executives and of the general public." Keys, badges and other squad identification remain the property of the squad, must never be used in any way embarrassing to the organization, and must be turned over to the captain by any member leaving the service of the squad.

Rules for answering a call from another city stipulate that:

1. In no event shall more equipment and more men be taken on calls to other cities than is deemed absolutely necessary to handle the case involved, and in no event shall the safety of the village of Antioch be jeopardized.

2. The squad shall have the right to answer all calls for first aid made by the American Red Cross or any other emergency call outside the district.

George B. Bartlett is president of the rescue squad board, Roy L. Murrie, clerk, Walter Scott treasurer; Walter Scott, Clete Vos, James Stearns, Elmer Rentner, Arthur Rosenfeldt and L. D. Powles are trustees.

Powles is captain of the rescue squad; Herman Holbek first lieutenant and Herman Rosing second lieutenant; squadsmen are James McMillen, Walter I. Scott, R. F. Allner, Howard Strang, C. B. Shultis, Einar Petersen and John Horan.

Powles, Holbek and Rosing are graduates of the advanced course in first aid; others in the squad have completed the standard Red Cross first aid course and plan to take the advanced course, as required by the organization's by-laws.

## Kenosha County Holstein Breeders Announce Show

### Annual Exhibit and Judging Contest will Be Held June 29

### United for Defense

The present program of the United States for national defense, envisions the largest peace-time military expenditures in our history. Over a period of a few years, spending for defense is to be progressively increased, and the total will run far into the billions.

There can be no question of our need for the world's greatest defense system. But it will be a disastrous mistake if we adopt a hysterical "Never mind the cost" attitude. Some of the billions for defense must be secured by reducing or eliminating the appropriations for other, less important government activities.

All the energies of this great country must be directed towards making it secure from invasion. To release those energies requires dedicating this nation to the ideals envisioned by the Founding Fathers.

High-sounding phrases aren't enough. Preparation against the possibility of invasion is a grim and costly business. Never in the history of our country was it so important for government to cooperate with individual enterprise or for individual enterprise to cooperate with government. Never was it so important to eliminate waste in government, in individual enterprise and in family life, in order to perpetuate liberty and opportunity.

### Anti-Trust or Anti-Security?

There's one point concerning the immediate future that needs to be settled, and settled as quickly as possible.

It has to do with anti-trust prosecutions. And this is the kernel of the problem in a nutshell:

If our national defense problems are going to be solved efficiently by industry, there are going to be many cases where red tape will have to be cut. Understandings between competitors will frequently have to be reached, and in many cases it is extremely likely that the War and

Navy Departments will in effect demand that efficient arrangements of this type be made. Yet technically these arrangements may violate the extremely broad interpretation of the Sherman Anti-Trust Law that are in current favor.

Thurman Arnold, Assistant Attorney-General, is reported as uncertain concerning the steps he would take in such cases. If the recent experiences of industries which thought they were serving the interests of the public and recovery by internal agreements of various sorts can be taken as any criterion, it is likely that government might deliver a pat on the head with one hand and a wallop under the ear with the other.

In other words, this country needs a clarification of the intentions of government on this important subject. Fear of possible future prosecutions should not be allowed to hobble industry when it is trying to meet national defense requirements as quickly and as effectively as possible. Industry should be told where it stands—not just to make industry feel comfortable, but, far more important, to make sure that this country gets the guns and planes and military equipment it needs in as near to "jig time" as is humanly possible.

### Maxim for Freedom

A certain class of men holding political office always look yearningly at the financial resources of the nation. After all, they figure, if they could control the people's money, that would be a long step toward controlling the people's votes—and everything else the people possess and do. Out of that point of view, come the manifold legislative proposals to extend government control over our banks and other sources of credit, coupled with proposals to put government into the credit business directly.

There is nothing against which the public should be more thoroughly on guard. For, under the existing system of private banks regulated by public agencies, any abuses can be quickly and firmly corrected. Private enterprise is always controllable. Government monopolies are not.

Government domination means political domination. Political considerations would inevitably come first. And far worse, the people would be more than ever at the mercy of political groups.

"Keep the politicians' hands off the people's money" is an essential maxim for a free nation.

## Yesterdays

40 YEARS AGO  
In the Antioch News  
June 21, 1900

Since the enactment of Wisconsin's marriage license law, the number of marriages in Milwaukee has decreased 33 per cent. In 1888 the number of ceremonies performed in that city was 4,206, and in 1889 there were but 2,810 weddings. Milwaukee had formerly been the "Gretchen Green" for couples from states adjacent to Wisconsin.

"Walking in the corridors of the capitol, I met General Joseph Longstreet, the confederate general, who won his laurels for bravery on many a hard fought battlefield, and was the man who tried to save General Lee from the disaster at Gettysburg. He is remarkably spry for one of four-score years," writes Joe M. Chapple in The National Magazine for June. (Quoted in the Antioch News "Literary Notes.")

The peaceful past—  
A British relief column on its way to Kumassi was defeated by Ashantis, with heavy casualties. . . .  
Methuen's column, re-enforced by troops under Kitchener, attacked Dewet's commando at Rhenoster and dispersed the Boers with 19 casualties. (Boer War.)

On Wednesday Chinese guns were trained on the American mission and British legation and United States Minister Conger asked for 2,000 soldiers. (Boxer rebellion in China.)

Russia and Japan are making enormous war preparations and a clash between the two powers is expected over either China or Korea.

Gens. Grant and Funston have captured 200 rebel Filipinos near Biansabata. (Philippine insurrection.)

Admiral Dewey (hero of Spanish-American war, just ended) says he is convinced the people don't want him for president and he is glad of it.

And the "relief problem"—  
The viceroy of India has cabled to London announcing that a good rain has fallen in southern India. The hot

weather, however, still persists. There are now about 5,802,000 persons receiving relief.

The voice for peace—  
Lord Salisbury (re the Boer affair): "Our only certainty of preventing a recurrence of this fearful war is to insure that never again shall such vast accumulations of armament occur, and that not a shred of the former independence of the republic shall remain."

And women's rights—  
Bob Burdette reports on a women's convention in Milwaukee. "It was handled in a more orderly manner than men's conventions are. It is held that women when once started, cannot stop talking, but a woman can stop them. When the chairman, Mrs. Lowe, brought down that gavel not another word was uttered. She would stop them on a hyphen."

The newsreels—  
Three young French journalists have invented the idea of printing photographs of happenings on a roll of positive film, suitable for use with a stereoscope. Each subscriber to their bi-weekly service is sent a roll of 20 to 25 pictures which he fastens in the stereoscope and by means of a knob turns before his eyes, revealing the striking scenes of which the newspaper descriptions can give a comparatively meager suggestion.

## IMPROVED UNIFORM INTERNATIONAL SUNDAY School Lesson

### MALACHI DEMANDS HONESTY TOWARD GOD

LESSON TEXT—Malachi 3:7-18.  
GOLDEN TEXT—Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me how herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it.—Malachi 3:10.

Spiritually sick—and desperately so—was Israel in the days of Malachi. The nation had been released from captivity in Babylon and had been back in their own land for almost a century. The outburst of religious enthusiasm which characterized their return had resulted in the rebuilding of the temple (Ezra 1:1-4). In this they were encouraged by Haggai, as we recall from our lesson of last Sunday. They had later been led by Nehemiah in renewed interest in spiritual things and in the rebuilding of the city wall, but now again they had turned away from God. Malachi came with what one might call God's last word before judgment upon their sins. The lesson centers around four words.

I. Apostasy.  
"Ye have turned aside" (v. 7, R. V.). This was God's complaint against His people. In spite of His blessings upon them, they had intermarried with the heathen, they had dealt treacherously with their brethren, and had neglected to worship God. What was even worse, they felt no conviction about their sin and denied that they owed God anything, not even the debt of common gratitude.

Read the insolent, self-confident questions and assertions of the people in verses 7, 8, 13 and 14. Think how perfectly they fit the attitude of thousands of unbelievers and backslidden Christians in our day. One might almost think that Malachi were reading the secret thoughts of our own people, and possibly of our own hearts.

II. Robbery.  
Illness commonly has its center of infection, whether it be physical or spiritual sickness. Malachi struck at a very vital point when he revealed that the heart of Israel's dis-

faculty was dishonesty toward God. That dishonesty reflected itself in spiritual things, but, since Malachi was talking to an arguing generation (just like ours), he gave them a concrete illustration of their deceit—they had withheld from God the tithes and offerings.

Men who would never cheat the telephone company out of a nickel will rob God consistently Sunday after Sunday by sanctimoniously slipping a thin dime into the collection plate. If that is all a man can and should give, God will bless it and multiply it for His glory. But certainly it does not befit one who lives in luxury to give God's work the smallest piece of change which he can decently slip into the plate.

Nothing may be said to be an Old Testament principle. Doubtless it is also true that the principle of New Testament Christianity is that all we have belongs to God, but often the one who hides behind that fact does not give as much as the people of Old Testament times. Is that honest?

III. Judgment.  
God is love, but that does not mean that His patience is without limit nor that He will forever withhold judgment. He says, through Malachi (v. 9), "Ye are cursed with a curse." The blessing has been withheld (v. 10). The devourer is in the land (v. 11). He promised them release and blessing if they repented and returned to the right way, which obviously means that their failure to do so would bring judgment. We know that Israel despised God's warning and to this day is paying for its sin. Will America be wise enough to heed God's call?

IV. Blessing.  
So often the loving God had to speak through His prophets of impending judgment on sin, but how gracious He is in that He always holds out the promise of blessing for repentance and obedience.

Look at the precious promise in verse 10. Thousands of Christians join the writer in saying, "That is true in A. D. 1940 just as it was in 400 B. C." Read verses 11 and 12. Note that our God is not only a great God, but a good God. Consider the blessings of spiritual fellowship—the certainty of victory revealed in verses 16 and 17. One marvels that Israel could resist such a loving plea just as one wonders also why men of our own day of God's grace still resist His gracious invitation.

A Helpful Heart  
It is a fine thing to do kindly, helpful deeds. It is one of the very finest in the world. But there is something finer than the helpful hand; it is the helpful heart.

# SOCIETY

## Mrs. Zimmerman Heads Local Legion Auxiliary

Mrs. Ethel Zimmerman, president; Mrs. Alma Hardin, first vice-president, and Mrs. Agnes Glenn, second vice-president, head the officers of the Antioch American Legion auxiliary who were elected Friday evening to serve for the coming year.

Others are Mrs. Eva Burnette, chaplain; Mrs. Vera Nelson, treasurer; Mrs. Freda Yopp, sergeant-at-arms, and Elaine Wood treasurer.

Mrs. Zimmerman and Mrs. Helen Osmond, the retiring president, will be delegates to the Illinois state convention at Danville.

A dinner in honor of past presidents of the auxiliary will be held in July.

## Plan Style Show for Wives of Co. Firemen

What the well-dressed fireman's wife will be wearing this summer will be demonstrated in a style show to be given by Marie Anne of Antioch for the wives and friends of firemen at the Lake county convention here Monday.

All types of summer wear, including frocks, play suits, slacks, casual lounging and beach wear and "dressier" costumes will be shown.

Acting as models will be the wives and daughters of Antioch firemen, assisted, possibly, by some of those from nearby communities.

The style show will be held in St. Ignatius' guild hall at 8 p. m., while the firemen are having their business meeting.

In addition to the style revue, there will be other numbers, not as yet announced, on the program.

## MARJORIE LYNN IS GRADUATED FROM GRINNELL

Mrs. J. Fred Lynn and Mary Kay of Cedar Crest Golf club, Lake Villa, returned last Tuesday from Grinnell, Ia., where they motored to attend Marjorie's graduation from Grinnell college. Marjorie did not return with them but went home with Helen Kolyn of Orange City, Ia. Marjorie will also spend some time at Lake Okechogee as a guest of Dr. and Mrs. Basil Robertson of Ottumwa. Mrs. J. Miller Brown, (Trudy Lynn) of Rancagua, Chile, South America, is also a graduate of Grinnell college.

## DESSERT-BRIDGE INVITATION ISSUED BY McHENRY GROUP

Friends and visitors throughout the lakes region are included in the general invitation the Altar and Rosary society of St. Patrick's church, McHenry, is issuing for the 1:30 o'clock dessert-bridge it will sponsor Thursday, June 27. The party is to be held on the lawn of the Wallace Dobyns home. All games will be played, and there will be awards for each table. An admission charge of 50c is being made. In the event of rain, the party will be held in the church hall.

## MRS. KUFALK HEADS METHODIST AID OFFICERS' ROSTER

Mrs. Roy Kufalk, president; Mrs. Alonzo Runyard, vice-president; Mrs. A. P. Bratrude, secretary; and Miss Lottie Jones, treasurer, were elected by the Antioch Methodist Ladies' Aid society at a meeting Wednesday afternoon in the home of Mrs. Jesse Dunning. They will serve for the coming year.

Mrs. W. C. Petty is the out-going president.

A total of \$15 was realized by the Aid from the bakery goods sale held in conjunction with the meeting.

An interesting original article was read by Mrs. John Murray as a feature of the program.

## TO PRESIDE AT WILMETTE MEETING

Sunday afternoon at 3:30 o'clock Mrs. A. F. Matthiesen of Bristol will speak at the Baha'i House of Worship in Wilmette. Her subject will be "The Steps of Prayer." Frank Meese of Antioch will preside as chairman of this meeting.

The regular weekly broadcast over WRJN, on Monday at 3 o'clock daylight saving time, will be devoted this week to answering questions that have been submitted by various people.

## 4-H SUMMER CLUB WILL MEET TUESDAY

Meetings of the 4-H summer club will be held on Tuesday afternoons, instead of Thursdays as were those of the winter club, it is announced.

Next week, a meeting will be held in the American Legion hall, at 2 p. m.

New officers of the organization include Lila Dalgaard, president; Dorothy Aronson, vice-president; Mae Setek, secretary; Lucille Rhymer, treasurer; Doris Strang and Doris Burdick, recreation chairmen; Theodora Hennings, reporter.

Miss Anna Wade, teaching in Antioch Wednesday, invites her local pupils and their families and friends to attend a recital in which she will present one of her advanced piano students, Miss Harriet Heiring, Tuesday evening, June 25, in the K. C. hall, 5710 Seventh ave., Kenosha, at 8 p. m.

Mr. and Mrs. R. H. Childers and son, Glenn, will leave tomorrow for Madison, Wis., where Mr. Childers will attend the university for the summer months, at the conclusion of which he will receive his master's degree. Glenn will enter the university laboratory school to study music and art.

Mrs. Alice Regan, Mrs. Mollie Somerville and Miss Adele Miller visited Mrs. Emma Miller at St. Therese hospital Sunday. Mrs. Miller, who has been confined to her bed for the past five months, is now able to walk on crutches and is expected to come to Mrs. Somerville's home here for a visit soon.

Mrs. Michael Whited, her daughter, Janet, and brother, Claude McLindon, were called to Lakeland, Fla., Tuesday by word of the serious illness of Mrs. Whited's and Mr. McLindon's mother.

Mrs. Irving Newton of Carmi, Ill., and Miss Louise Erkman of Carbondale, Ill., spent the week-end visiting their sisters, Mrs. H. B. Gaston of Antioch and Mrs. George Behler of Woodstock.

Act now—Awnings, window shades, linoleum, Venetian blinds, wallpaper, paints drastically reduced during June. Pitts Paint Store, 2232 Roosevelt Rd., Kenosha, phone 4632.

Miss Mary Tiffany and Mrs. Susan Webb left Antioch today for Miss Tiffany's summer home on Lake Michigan near Copper Harbor, Michigan.

Peter J. Weber is a medical patient at the Veterans' hospital, North Chicago (Downey). He is the father of Mrs. Joseph Sheehan, of Lake Villa, the former Betty Weber, who is well known in Antioch.

Donald Phillips, who has been ill for the past week, is convalescing at his home.

Miss Ella Ames, who has been ill at her home since Saturday, is reported improving.

Mrs. A. W. Dubs and Mrs. John S. Whyte of Waukegan were guests of Mrs. B. R. Burke Wednesday.

Jack Panowski arrived home Sunday from Northern Illinois State Teachers College at DeKalb, Illinois.

## Sonnenberg to Meet Fred Grubmier Friday

"Dynamite" Gus Sonnenberg, former all-American football star from Dartmouth university who first introduced football tactics in the sport of wrestling when he won the world's heavyweight championship from Ed "Strangler" Lewis with a flying tackle, will meet Fred "Legs" Grubmier, Iowa's great body scissor expert, in one half of a double main event headlining the third all-star wrestling card of the summer season in "Peg's" Open-Air arena near Grayslake, Friday night, June 21.

The other half of the twin feature pits rough-house Rudy Kay, Chicago's own Dead-end Kid, against clever and speedy "Tiger" Jack Moore, who gave Ruffy Silverstein his toughest Lake county match in last week's semi-windup.

Although Sonnenberg's is one of the best known names in wrestling, the match between Kay and Moore may be the best of the entire evening. Last week Rudy completely blew up when the referee tried to stop him in a match with McMillen. Rudy just wouldn't be stopped and before the fray was over he had delivered rights to the jaws of Referee Tony Hadjek. Promoter Fred Kohler, 220-pound Athletic Commission Inspector Sam Gornstein, and numerous spectators who joined in the riotous battle against slugging Rudy.

Moore will be remembered here for a long time for his great match with Ruffy. Fans say it was the most scientific encounter ever witnessed here.

Other bouts on Friday's card will feature powerful Seeli Samara, sensational colored heavyweight, against 275-pound bearded Pete Schuh, and Farmer Mack of Skowhegan, Maine, against rugged Jerry Meeker, Honolulu heavyweight star.

## Lumbermen Hold Annual Tourney at Chain O' Lakes

Ideal golfing weather today greeted the building material, coal and lumber dealers gathered at Chain O'Lakes country club for their 27th semi-annual tournament. According to officials in charge, the attendance as indicated by advance reservations will exceed all past records.

Prizes will be given in the many events scheduled, and lunch and dinner will be served at the clubhouse.

The committee in charge includes Ed Vos, secretary, Rush E. Hussey, Dan Boyer, Tom Meade, V. B. McKee, Sid Sennott, C. E. Pennington, Hank Brailsford, Wm. Springenberg, W. E. Brandt, Les Wallace and Kyle Davis.

## 4-H Youths Plan for Tour of Their Projects

A project tour is being planned by the Antioch boys' 4-H club for July 1. On that date the boys will inspect a series of projects carried on by members.

Earl Brixen and Otto Gussarson have been selected to represent the club at the Northern Illinois 4-H club camp at Blackhawk State park during the first three days in July. C. L. Kutil, club leader, and Robert White, assistant, will probably accompany them.

A sound motion picture of the 1939 Illinois State fair was shown at a meeting held by the club Monday in Antioch High school.

## SALEM

"My ad appeared in the Antioch News Thursday, and by Sunday I had sold this fine young Holstein to Senator Ray Paddock of Wauconda, Ill. Antioch News classifieds certainly do bring results!"

## True Contentment

MOST PEOPLE would agree that contentment is a valuable asset, and would willingly give much to be assured of its lasting possession. Considered, however, from the material standpoint, this state of consciousness seems to be of a fleeting nature. One may temporarily experience a false sense of contentment or satisfaction over some material possession, or because of some human condition or situation, but such a source of contentment is never lasting, for material possessions may suddenly be lost, or circumstances be altered, and erstwhile contentment give place to bitterness, dissatisfaction, and resentment. Or one may feel that the gaining of certain desires or the realization of some particular ambition will bring contentment, only to find that such attainments, when secured, have failed to bring the expected satisfaction.

What is true contentment? May it not be defined as satisfaction, or restfulness of spirit, as serenity and peace of mind? Paul declares (Philippians 4:11) "I have learned, in whatever state I am, therewith to be content." Whence came to Paul the wonderful sense of peace and contentment that could not be disturbed or changed by any untoward condition or circumstance? It came from his knowledge and understanding of God, his recognition of the value and permanence of spiritual things and the nothingness of all that the material senses hold desirable and valuable. . . . Man reflects the abundance and affluence of infinite Love, the omnipotence of Truth, the eternity of Life. Man, as the idea of God, possesses by reflection all the good that God has, even as the beloved Master, Christ Jesus, implied in his parable of the prodigal, where the father said to the elder brother (Luke 15:31), "Son, thou art ever with me, and all that I have is thine." True contentment, then, comes to us in the degree of our spiritual understanding of the fact of man's eternal unity with God, the source of all good. It is an attribute of divine Mind, and therefore it is a natural quality, which man forever expresses, along with all the other attributes of God, spontaneously and without effort.

When we gain the assurance that man is ever one with God, that he is spiritual, perfect, and complete, lacking nothing that is necessary to the full and perfect expression of God, good, of Life and Love, we shall have attained to spiritual contentment, and it will be unchangeable and enduring.

Nothing can mar it or take it from us, for this exalted spiritual consciousness must of necessity destroy those disturbing and unhappy conditions of thought which find expression in dissatisfaction, covetousness, jealousy, envy, selfishness, and greed, and such unlovely traits as pride and self-satisfaction. It silences the craving of the human mind for constant acquisition of material things, and dissolves the restlessness and continual urge for mere worldly pursuits and the indulging of sensuous pleasures, which never have brought, and never can bring, happiness or contentment. It replaces the false satisfaction of worldliness and worldly knowledge with spiritual ideals and joys, and enables us to understand and appreciate the words of Mary Baker Eddy, the Discoverer and Founder of Christian Science, where she writes in "Science and Health with Key to the Scriptures" (p. 452), "Better is the frugal intellectual repast with contentment and virtue, than the luxury of learning with egotism and vice."

Again, true spiritual contentment does not mean surrender to idleness, laxity, or self-satisfaction in what has already been accomplished, a achievement contentment with half-way achievement, with things attempted but not fully completed. On the contrary, discontent with oneself, a discontent that spurs one to greater effort in a worthy undertaking or cause, is helpful and beneficial. Spiritual understanding awakens thought to the appreciation of true values, and a desire to attain greater spiritual growth and achievement.

He who possesses true contentment possesses great spiritual riches, a treasure of priceless worth, and all may attain to it who are willing to seek for it and pay the price. And the price is self-surrender to God, divine Love, a willingness to put aside our belief in a material selfhood and our material sense of things, and joyously, gratefully, humbly, as little children, put our trust and faith in the omnipotence and omniscience of the infinitely tender, compassionate Father-Mother, Love, who giveth liberally and spontaneously all good to all His beloved children. Thus may we prove the truth of Mrs. Eddy's declaration (ibid., p. 494), "Divine Love always has met and always will meet every human need." What need we more than this joyous assurance to bring us lasting contentment?

Ray Webb returned home Sunday from Hayward, Wis., where he spent several days fishing.

Miss Elizabeth Webb spent Sunday in Lake Forest.

## Home Economics Expert to Conduct Demonstration

Miss Eloise Adams, a home economics graduate of the University of Minnesota, will conduct demonstrations of the use of frozen foods at Powles Meat market Monday, Tuesday and Wednesday, June 24, 25 and 26. Products of the well known Booth frozen foods company will be used by Miss Adams in her demonstrations, which will be conducted from 10 a. m. to 5 p. m. each day.

Housewives are invited to attend these demonstrations at no obligation. Proprietor Frank Powles of the market announces. Uses of quick-frozen fresh fruits, vegetables, fish, sea foods and poultry will be demonstrated, states Powles.

He points out that Booth quick-frozen foods have attained a high quality resulting from nearly a century of experience, and states that this quality has brought them into much favor in Antioch. Mr. Powles cites as an example the statement that more than 14 varieties of fish and sea-foods are packed under the Booth label.

## FIFTH BOYS STATE IS A "SELL OUT," LEGION REPORTS

The Fifth Annual Boys State, an eight-day course in the study of applied citizenship, sponsored by the American Legion, will be held in the 4-H building on the Illinois State Fair grounds, in Springfield, June 22 to 29, according to information received by Clarence J. White, commander of the Antioch Post, from William C. Mundt, of Bloomington, Department Adjutant, of the American Legion.

A total of 1440 enrollments for the week have been reported. This is a maximum number that can be handled, according to Commander White.

Local youths who are planning to attend include Jack Horan and Frank Petty.

The course of training includes the study of city, county and state government. A staff of sixty community leaders, selected from throughout Illinois, will have charge of the instructions.

### Girls State at Jacksonville

More than 250 Illinois girls will assemble at McMurray College, at Jacksonville, on June 23 to 30 inclusive to participate in Girls' State, a course in applied citizenship, according to information received from Mrs. George F. Cassidy, president of the American Legion Auxiliary, Department of Illinois, by Mrs. Lester Osmond, president of the local Legion Auxiliary.

The Girls' State program will be patterned closely after the Boys State, training in citizenship, which has been sponsored by the American Legion, Department of Illinois, at Springfield, for the past five years.

The administration and instruction of Girls State will be under the guidance of experienced leaders. To be eligible, the girl must be either a senior or junior High School student, and she must be sponsored by the American Legion Auxiliary or its associated organization.

A feature of the week will be a trip to Lincoln's tomb, a visit to Lincoln's Home, the Centennial building and other points of interest at Springfield.

## Chevrolet Builds Its 900,000th 1940 Car

Here is the 900,000th car of Chevrolet's 1940 model production, as it left the assembly line at Flint, Mich., June 12, less than one month after No. 800,000 was completed. Beside the car are M. E. Coyle, general manager of the Chevrolet Motor Division (left), C. E. Wetherald, general manufacturing manager (right), and Arnold Lenz, assistant manufacturing manager, who were present in the plant when the car was produced.

"Chevrolet has built 300,000 cars in less than three months," Mr. Coyle pointed out. "The 600,000th of these models was built on March 21, the 700,000th on April 16, the 800,000th on May 13, and the 900,000th on June 12. This production rate closely parallels the consistently heavy sales volume since the introduction of the 1940 models last October, sales during March, April and May alone totalling 307,345."

### "As A Man Thinks"

(Compiled by A. Channel)

"We hear the murmur of the sea always continuing. It never ceases. Were it to cease the world would be dead, stagnant, lifeless. But the waves of the mind of man are far greater than those of the sea. They are also ceaseless. They never stop for one instant. If these waves of the mind of man are few, the man is dull and quiet. What pearls and jewels are continued in the depths of the sea! But the pearls and jewels hidden in the mind of man are the knowledge, virtues, capabilities, etc. These pearls can grow and increase in lustre forever, but the pearls of the sea remain always the same. These waves from our minds go forth and create movement and thought in other minds. From one strong thought of love what great results may be produced."

Abbas Effendi.

"If we work in marble it will perish; if we work upon brass, time will efface it; if we rear temples they will crumble into dust; but if we work upon immortal minds and instill into them just principles, we are then engraving that upon tablets which no time will efface, but will brighten and brighten to all eternity."

—Daniel Webster.

"As the fire-fly only shines when on the wing, so it is with the human mind—when at rest, it darkens."

—L. E. Landon.

"What stubbing, ploughing, digging, and harrowing is to land, that thinking, reflecting, examining is to the mind. Each has its proper culture; and as the land that is suffered to lie waste and wind for a long time will be overgrown with brushwood, brambles, and thorns, which have neither use or beauty, so there will not fail to sprout up in a neglected, uncultivated mind, a great number of prejudices and absurd opinions, which owe their origin partly to the soil itself, the passions, the imperfections of the mind of man, and partly to those seeds which chance to be scattered in it by every wind of doctrine which the cunning of statesmen, the singularity of pedants, and the superstition of fools shall raise."

—Berkeley.

"Reading and conversation may furnish us with many ideas of men and

things, yet it is our own meditation that must form our judgment."

—Watts.

## The Observer

When Independence Day rolls around again let us devote a few moments thought to the problem of preserving this independence which was so dearly won by our forefathers. We can only do this if we keep our political and economic institutions at home free and untrammelled, and if we build up our defenses to the point where no nation, no matter how filled it may be with the lust of conquest, will dare attack us.

One thing Europe is almost sure to get as a result of this war, no matter which side wins, is a first class famine. And we are still paying our farmers a billion a year to reduce production.

A lot of politicians have programs for rescuing agriculture but the best

GRAYSLAKE 2441

WEEKLY NEWS ANALYSIS By Farnham F. Dudgeon

# French Government Asks Peace After Reynaud Cabinet Resigns; England Pledges 'We'll Fight On'

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

When Italy joined forces with Germany in the war against France and England she had a good supply of armored tanks to aid in clearing the way for troops in true blitzkrieg fashion. Here are pictured a number of Mussolini's soldiers manning the best tanks Italy has been able to produce. In addition to these "regular" tanks, the Italian army is said to possess a large number of the "flame-throwing" variety.

## THE WAR: Capitulation

"Our race does not allow itself to be beaten down by invasion. . . . Our race has always thrown back or dominated the invaders. . . . Brave words these, spoken by Premier Reynaud of France as he was telling his people of his "last" appeal for help to President Roosevelt.

But within four days following this desperate plea, Paul Reynaud resigned his post as premier of France's "war" cabinet and was replaced by 84-year-old Marshal Henri Petain, to whom fell the fateful job of arranging a "peace with honor."

France, weary and tired under the constant pounding of the relentless German blitzkrieg, had decided to concede defeat in order to save what was left of the country from the invaders.

Premier Petain's cabinet began its negotiations to end the war through Generalissimo Franco of Spain—a friend of both Petain and Hitler.

Even before this grave news reached London the British had pledged themselves to continue the war even if France should find it necessary to cease firing. Great Britain declared that Germany had "used up her resources in too great a hurry and unless she was able to conquer the allies within a few months all chance of a German victory would vanish."

Russia meanwhile had stepped into the picture and assumed "protection" over Lithuania because, according to the Soviet, that tiny nation was busy obtaining Russian military secrets that were "threatening peace." It was also claimed that the Lith had entered into a military alliance with their small neighbors, Estonia and Latvia. So Russian troops marched into these two nations, as well.

Before the French decision to seek peace had been made, German troops had entered Paris and the swastika was unfurled on the streets of that historic city. The French had cleared the city of soldiers before the Germans arrived so that it could be classed as an "open city" and thus be spared destruction by bombing or shell fire. The high command explained that no worthwhile strategic aim would justify destruction of their beautiful capital, almost sure to result in any battle to defend it.

## HOME FRONT: Big Job

In a machine age war world, with dive-bombers, flaming tanks, and motorized equipment of all types, industrial mobilization of national resources takes precedence over manpower mobilization.

## HEADLINERS

- Gov. Luren Dickinson of Michigan removed Thomas C. Wilcox as sheriff of Wayne (Detroit) county after hearing charges that the sheriff received a "cut" in a vice and gambling payoff.
- Norway's ruler, King Haakon VII, finally left his country's shores, taking his government with him to England.
- Former Governor of Louisiana, Richard W. Leche, was given a 10-year federal prison sentence for using the mails to defraud.
- Arriving safe in Canada, Princess Juliana of The Netherlands and her two infant children plan to live in the dominion until the end of the war.
- Vacationing in Kentucky, Supreme Court Justice McReynolds warned in an interview that, "if Adolf Hitler's plans prevail, our sacred security cannot survive."
- Sen. Ernest Lundeen (F. L., Minn.) charges that President Roosevelt is "crusading for war" in permitting army and navy planes to be purchased "indirectly" by the allies.

## 'Marked Men'

A historic spot where American doughboys fought in the Argonne district of France is marked by this stone—it was "marked" in another fashion in World War II. A German aerial bomb scored a hit, shattering the monument.

## AGRICULTURE: Record Reserve

Department of agriculture reports indicate that ever-normal granary reserve supplies of surplus farm products have reached record levels and will be increased this year.

This reserve supply held by the Commodity Credit corporation under loans to producers or owned outright by the corporation has a total value of about \$1,000,000,000.

Chief crops in reserve are cotton, corn, wheat and tobacco. Smaller amounts of peanuts, figs, butter, wool, mohair, turpentine and resin are held because of loans made last year. This year, loans averaging 64 cents per bushel on 1940 wheat, 35 cents on rye, and 30 cents on barley have already been authorized and loans are virtually certain on 1940 cotton (9 cents per pound) and corn (between 57 and 62 cents per bushel).

While farm prices are at a low ebb because of the loss of many foreign markets due to the war there is a feeling in some quarters that it may become necessary for the Americas to eventually supply most of the foodstuffs for European nations.

It is known that generally speaking these nations do not have huge supplies of food and will be forced to get huge stocks of grain from somewhere.

But the situation is so uncertain that the farmer who takes a gamble on getting in on some of the "extra-ventual" trade may be left holding a full grain sack.

## MEDICINE: New Trend

Arch foe of any attempt to "federalize" or centralize authority in control of the practice of medicine, the American Medical association is now about ready to make available to the public a system or systems of statewide medical care at low cost.

Details of the plan to be presented are not immediately available but it is known that prepayments to cover sickness promise to run from \$1.50 to \$2.50 per month per individual.

Opposition to any compulsory health insurance plan was expressed by leaders of the association. Meeting in annual convocation in New York, the A. M. A. house of delegates heard reports on the results of experiments by 300 county societies all over the country in joining with relief authorities to provide medical service to the indigent. The new plan, which will be an outgrowth of these experiments, does not limit its service to the indigent but will be available for all to whom low cost is essential.

At least 14 states already have a statewide plan in some stage of development.

## EAST SIDE: Accord and Discord

On the world's troublesome east side where eyes of the western world are cast in never-ending vigilance there are some signs of accord. . . . and added signs of the usual discord.

For from Tokyo comes word that Japan and Thailand (Siam) have concluded a treaty of friendship, which a foreign office spokesman described as "unmistakable evidence of Japan's peaceable intentions in the South Pacific."

And in London the British reported a non-aggression pact between Thailand, Japan and Great Britain as well as a partial settlement of an old dispute with Japan on the matter of money circulation in China and the prolonged silver dispute in the city of Tientsin.

If all this sounded as if Great Britain's campaign to woo Japan's friendship was bearing fruit, there were more ominous sounds droning from the motors of Japanese bombers over China's provisional capital, Chungking. For the Japanese air force has been concentrating its attacks these past weeks in an effort to destroy that city and force the government officials to surrender.

Outside of China the Japanese seem to be in a mellow mood for even from Moscow came news of accord with Russia in the Soviet-Mongolian border dispute.

## Illinois Offers New General Course to 250

A new approach to a general college education will go into effect this fall in the University of Illinois College of Liberal Arts and Sciences. A new "general curriculum" will be opened to 250 freshmen.

For two years they will take general courses. Each will extend over both semesters, and present related material. The courses will cover: verbal expression, history of civilization, biological science, physical science, literature and fine arts, and philosophy and psychology.

Then the student will either concentrate on a chosen one of four general fields; or he may enter the School of Journalism, the College of Education, or transfer to the regular Liberal Arts curriculum; or he may do another year of general work and then enter the College of Law.

The fields of specialization from which those electing to continue in the new "general curriculum" will choose for concentrated advanced study are: mathematics and physical science, biological science, social science, and humanities.

"In the first two years, the object is to introduce the students to several fields of learning by means of the general courses intended to develop wider views of human endeavor and experience," explains Dean M. T. McClure. "Then if the student continues in the general curriculum, he will organize his work about a field of concentration."

## Previously Unknown Child Crises Found By Illinois Scientist

Two challenging questions to medical science are being asked by Dr. Isaac Schour at the University of Illinois College of Dentistry.

The questions are: (1) What change takes place in a child's physical development between 9 and 12 months of age? (2) What change takes place between 2½ and 3 years?

Dr. Schour asks these questions from his study of the ring markings in human teeth. Teeth have rings just like trees. Just as dry seasons or good weather affect tree rings, so unusual periods or changes in human life affect the rings in teeth forming at the time.

The most striking change is birth, and some time ago Dr. Schour announced the finding of a neo-natal or birth ring, in the teeth forming at that time. It marks the change from pre-natal, parasitic, well-protected development to post-natal individual life.

Now, after studying more than 1,000 teeth, Dr. Schour has revealed two additional rings found in each. One occurs at 9 to 12 months after birth. It is called the "infancy ring" because it seems to separate infancy from early childhood. The second ring appears at 2½ to 3 years. It is called the "childhood ring" because it seems to separate early from late childhood.

"What happens at these times to cause the rings? That," said Dr. Schour, "is a question we must ask the medical profession. Until now, no one knew that there were important changes at these times."

## New Dean Is Named For Illini Pharmacy

Dr. Earl R. Serles, dean of the Division of Pharmacy at South Dakota State College, will become dean of the University of Illinois College of Pharmacy this summer. He succeeds Dr. A. H. Clark, acting dean, who has been serving since the death of Dean William B. Day. In his new post, Dr. Serles will head the only recognized school of pharmacy in Illinois.

Its history dates back eight years before the chartering of the University. The pharmacy instruction was the first west of the Allegheny mountains. It began back in 1859 and was first known as the Chicago College of Pharmacy.

After an adventurous history, which included closing by panic and again by the Civil war, and complete destruction by the Chicago fire, this became, in 1896, the University of Illinois School of Pharmacy. Constant raising of requirements led to the change of name in 1932 to College of Pharmacy. The four-year course leads to the degree of bachelor of science.

## 'Dictatorship of Dead Hand' Is Hit by Illini Economist

"Dictatorship of the dead hand, by writing into the constitution what should be purely legislative matters," hinders or prevents intelligent modernization of taxing systems, declares Prof. M. H. Hunter, University of Illinois economics department head.

"We need to place the responsibility for keeping tax systems abreast with changing economic conditions upon our legislators, rather than to have them say, 'Well, we need that sort of tax system, but it would be unconstitutional,'" he says.

## LAKE VILLA

The Rev. I. B. Allen will preach his farewell sermon at the morning service next Sunday and will also receive a class of new members into the church. The new pastor, Rev. McArthur, will be here on the following Sunday.

The Rev. Allen preached the baccalaureate sermon for the graduating class at Allendale school last Sunday and as the Rev. Allen has preached at Allendale many times during his pastorate here, he and Mrs. Allen were given a reception at the school on Sunday afternoon.

Mrs. Pedersen entertained the Aid society at her home Wednesday afternoon and unless a change is made because of the holiday, the next meeting, the quarterly birthday party, will be held on Wednesday, July 3, with Mrs. Paul Avery.

Mrs. B. J. Hooper attended the graduation exercises at the University of Illinois, when her daughter, Miss Lorraine, obtained her degree. She is at her home for the summer vacation. Mrs. Ella Haley and grand-daughter, Vida Haley, visited Mrs. Haley's daughter in Chicago this week.

Mrs. George Mosby has gone to St. Cloud, Minn., for treatment at a hospital there.

Mrs. Fred Hamlin, Mrs. Leo Barnstable and Mrs. William Fish occupied stations at a Friends' Night meeting of Royal Neighbors at Waukegan last

Thursday evening, and other members of the Camp attended as visitors.

Mrs. George Pollard entertained a group of friends from Waukegan at her home last Wednesday and they enjoyed an outing at the lake.

Mr. and Mrs. Raymond Sherwood, who have been at their Florida home since last fall, came last week to spend the summer months here.

Mr. and Mrs. John Evans of Salem, and their daughter, Mrs. Edward Grady and children, Nancy and David of Keweenaw, Wis., were guests of Mr. and Mrs. C. B. Hamlin last Sunday.

Mrs. H. J. Nelson was not able to come home from the hospital last week as we reported, but did come last Sunday morning, though it will be some time before she will be able to be about the house.

Miss Bojan Hamlin, who is a student at Bryn Mawr college in Pennsylvania, came home last Wednesday for her summer vacation. She visited friends in New York and attended the World's fair there before returning home.

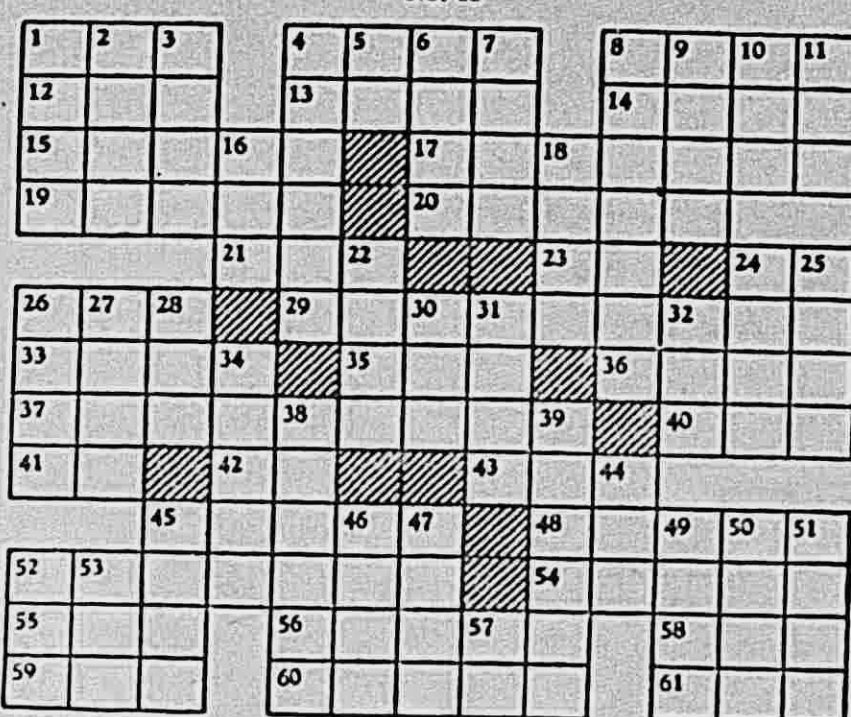

Frank Slazes was able to resume his work at the Swanson garage this week after an illness of a few weeks.

Mrs. John Harrington has returned to her home in Mounds, Minn., after a two weeks' visit with her daughter, Mrs. John Nelson and family, and Ann and Ethel Nelson returned with their grandmother for a visit at her home.

Mrs. Vernon Sorenson of Waukegan visited her sister, Mrs. Russell Brumfield on Tuesday.

AT KENOSHA, JUNE 23-24-25

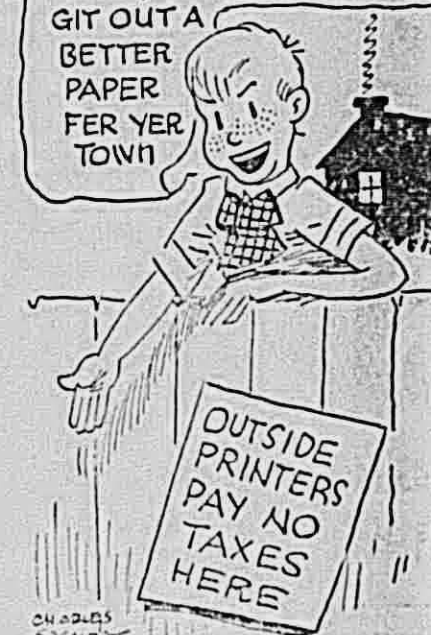

Joan Crawford and Fredric March as they appear in the filmization of Rachel Crothers' celebrated stage success, "Susan and God," which heads this week's screen entertainment at the Kenosha Theatre, starting Sunday for

three days. Miss Crawford is seen as the sophisticated Susan of the title, while March plays her husband, torn between love for his wife and hatred for the social complexities of her life. The associate attraction is "You're Not So Tough," with Nan Grey, Henry Armetta, and Billy Halop.

## 'round the Lakes

A five and one-fourth pound large mouth black bass was taken by William Brooks of Antioch in Channel Lake Sunday, on an artificial lure. "Bill's" catch is something of a record so far this year. The opening of the black bass season Sunday brought swarms of fishermen to the Lakes region. Boats were at a premium.

Dancing, as well as dining, is being featured at a number of spots around the lakes. Adolph Helm's Channel Inn, on Highway 173, two and one-half miles west of Antioch, is featuring an orchestra every Saturday night and on Sundays from 2 to 8 p. m.

The "Three Ambassadors" orchestra is playing at Anderson's tavern, Highway 59 at Petite lake, for dancing every Saturday night. Sandwiches and other "cats" are available and a "fish fry" is held every Saturday evening.

A Thursday afternoon caller at the News office was Mrs. Beatrice Seman, camp mother to 145 Chicago youngsters at Camp Chi, near Lake Villa. Mrs. Seman, who has been coming out to Camp Chi each summer for 20 years, boasts five grandchildren of her own, including one "adopted" one.

A wedding dinner for 40 immediate relatives and close friends of a Chicago couple, and a reception for 65, were held at Herman's resort, Bluff Lake, Wednesday. The large dining room was prettily decorated with wedding bells, arches, and summer flowers. The ceremony took place at the home of Dr. Blakeman on Bluff Lake, with the dinner and reception at the resort afterward.

Last Sunday, Mr. and Mrs. Ed Knickelbein, proprietors of Herman's served 100 at a dinner held at the resort by a group of golfers from Cicero, following play at the Chain O' Lakes course. Officials of the Stewart-Warner corporation, Chicago, will have a dinner and a supper at Herman's this Saturday.

Graduates of the Grass Lake school recently received class pins from their teacher, Mrs. Doris Bray. Pictures of class members taken two weeks ago are now available, it is announced.

## CHICAGOAN SUFFERS FATAL ILLNESS AT SUMMER RESIDENCE

Members of the Antioch rescue squad worked for over an hour Sunday afternoon in the effort to restore to consciousness Albert G. Bourne, 52, of 7323 Coyle Avenue, Chicago, who was stricken with a sudden illness while mowing the lawn at his Loon Lake summer home Sunday afternoon.

Bourne had been ill with diabetes for some time. While mowing the lawn he suffered with a pain in his chest, and on resuming work after a short rest he became violently ill.

His wife and a son, Walter, rushed him to the office of Dr. A. P. Bratrude in Antioch. He was pronounced dead by the physician but as a last resort was brought to the fire station, where Lieut. Herman Holbek, Einar Petersen and Walter Scott of the Antioch rescue squad employed inhalator equipment and first aid methods, in the hope of reviving him.

At an inquest held by Coroner John L. Taylor in the Strang Funeral home in Antioch, it was decided that Bourne's death was due to coronary thrombosis. The body was taken to Chicago for burial.

Bourne, who was employed as an electrician on the Chicago subway tunnels, is survived by his wife, Marie, and two sons. He was born in Chicago and was the son of Stephen and Katherine Bourne.

Two Dozen Children  
The twenty-fourth child has been born to Arthur P. Morel of Berlin, N. H. It is a 12-pound son. He has 12 children by his first wife and 12 by his second—all but four living.

## C C C OPENS FOR 5,000 ILLINOIS YOUTHS DURING MO. OF JULY

More than 5,000 Illinois youths, from seventeen to twenty-three years of age, will be given an opportunity to enter the Civilian Conservation corps, during the month of July, according to information received by Clarence J. White, Commander of the Antioch Post, of the American Legion, from William C. Mundt, of Bloomington, Department adjutant.

The Civilian Conservation corps program is being extended. The total of 5,000 allowed from Illinois for the month of July, is 70% more than the allotment for the previous enrollment period.

A youth to be eligible for admittance to the Civilian Conservation corps, must be a citizen of the United States, 17 to 23 years of age, unmarried, and physically and mentally fit and able to do manual work.

An allowance of \$8.00 per month is paid for his use in the Conservation corps, and \$22.00 per month is sent to the enrollee's family. The enrollment period extends from July 1 to 20.

Information concerning enrollment, can be secured from local offices of the American Legion.
